Shellie,

When this whole thing started and I first read your website, my mom died. It was tough, and I think that I have learned (okay through some good counseling) that I probably overreacted -- and misdirected some anger; and then this last year I went through a personal crisis with my health -- really bad stomach and scare (but I'm okay) so I think it puts it in perspective.

One point you were right about is I **can** be an egocentric asshole and really I have thought it through, and I am really sorry.

Greg said he liked you too, and was sorry it turned in such a direction. (we broke up but are still friends, and working things out) Spencer is an asshole and I believe you about the investigators turning out the porn sites. I think he is done with anything further ---certainly there are some mean bloggers, as I read on the site, some of these folks really hate me lol--esp the lawyer who is on Nancy Grace's side--

I hope and pray for the best for you and hope you can accept my apology.

lets hope for a better year for you next year

peace

Jay
