Question or Comment:

I just wanted to say that I feel your pain. I had procedures done by Dr. Kagan when I was 17 years old (15 years ago). I was not old enough to realize what was going on. To this day I have had several problems with my breasts, scar tissue, nipple soreness and even numbness. I am now starting to seek other plastic surgeons for their advise and am even going to Beverly Hills to see one of the best. I hope you can one day find peace with this. I know it is hard, since I still have a hard time and cry every day at what I see in the mirror and what I feel with my pain.
